

# LGT Impact Fellowship 2021/2022

## Impact Report

### By Tundu Kenyua

August 2022

## Tundu Kenyua (Kenyan)

**Host organization:** AMP HEALTH

**Fellow position:** Communications Fellow

**Fellowship duration:** 12 Months

**Degree:** Bachelor of Commerce

**Professional experience:** 12 years

### Summary

As a communications fellow I will be supporting AMP Health to enhance its visibility, amplify partner voices, and communicate more effectively about its work.

#### The problem AMP Health aims to tackle

- Health systems do not function optimally where the teams running them lack strong leadership and management capabilities to put policies and structures in place; thereby impeding delivery of quality care and response to changing circumstances

#### The solution AMP Health provides...

- Improve health systems and outcomes by collaborating with governments to strengthen leadership and management capabilities through public-private partnership

... contributing to the SDGs:

#### Opportunity for a Fellow

- AMP supports 14 African teams to improve their health system outcomes and this is no mean feat for a core team of 8 people.
- As AMP Health's foot print continues to grow there is opportunity for fellows to contribute to the core work of strategizing, fundraising and coordinating in these African countries
- The demand for partnership by National Governments gives rise to opportunities to change the narrative around public leadership and management

#### "My experience as a Fellow..."

*My Experience has been phenomenal having joined a small team of 10 supporting 4 countries and growing to a team of 23 people supporting 14 countries in one year and securing 4 new funders and expanding our scope and model of partnerships with National Governments. Despite the challenges of rapid growth, it has been exciting to see our partners driving demand for our type of partnership."*

- Tundu Kenyua

### Tundu Kenyua's achievements...

- Planning and organizing training sessions in 14 countries in Africa
- Production and publication of the key reports
- Revamp of communications assets such as the website, newsletter, onboarding materials and pitch decks
- Formulation and implementation of the communication assets
- Coordinating recruitment of over 6 new team members
- Vendor management
- Assisting in business development that culminated in partnerships with 4 new funders and additional funding from existing funders
- Planning and coordinating 2 team convenings
- Supporting the Director in calendar and schedule management
- Coordinating Board and Board Committees meeting and functions
- Promotion into the Program Coordinator role as a permanent position

### ... contributing to AMP Health

- 10 New Countries onboarding for Leadership and Management upskilling
- 6 New funding partners acquired
- 2 LGT VP Fellows onboarded for the 2022/2023 cohort

### Tundu Kenyua's next challenge

Continue supporting AMP health as a permanent team member and see the expansion of its partnerships beyond Health and Africa
