

**Prasad Wagh (Indian)**

**Host organization:** Educate Girls

**Fellow position:** Project Manager

**Fellowship duration:** July 2022 to June 2023

**Degree:** Master in Social Sciences

**Professional experience:** 5 years

**Summary**

My role in the organisation focuses on the execution and implementation of digital tool at the state level in India. Also provide support in training and capacity building on the usage of these digital tools.

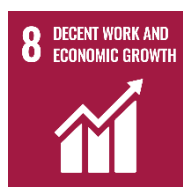

**The problem Educate Girls aims to tackle**

- Issues faced by girls in India between age 15-25 years in completing their secondary education
- Empower the girls to overcome challenges and achieve their full potential

**The solution Educate Girls provides...**

- Support drop out girls to gain credentials by passing the 10th-grade exam via Project Pragati
- Upskilling and preparing them to access better life opportunities

**... contributing to the SDGs:**

**Opportunity for a Fellow**

- Providing end-to-end managerial support for the formulation of strategies, planning, and execution of project
- Work closely with business segment teams to proactively identify and address challenges in the systems ensuring prompt resolution
- Conduct comprehensive data analysis and root-cause investigation to derive actionable insights for tech platform development

**“My experience as a Fellow...**

*I began my fellowship as a PMS/LMS implementor. where my experience was really specific. I got an amazing boost in project management and my digital skills. Looking back, I believe that pushing myself was truly worthwhile. I gained a lot of knowledge while working, but most significantly, I have developed the ability to embrace unfamiliar realms with greater ease and confidence.”*

*- Prasad*
