About LGT Venture Philanthropy

Organisations have developed effective solutions to unprecedented global challenges

Global challenges

Education

- 2 out of 5 youth in the labor force are either unemployed or have a job but live in poverty
- 80% of children in poor countries cannot read a simple text by age 10

Health

- 1 billion people lack physical access to primary healthcare
- 6 million children die before the age of 5 each year, >50% are easily preventable

Environment

- 40% of land is degraded, affecting 1.5bn lives; 1m species risk extinction
- 87% of oceans damaged
- 2023 warmest year on record, capping the warmest-ever decade

We see effective, scalable solutions to these challenges

The Nudge Foundation works to build resilient livelihoods for all

Last Mile Health provides healthcare to the most remote communities

Foundation for Ecological Security restores degraded land with local communities

LGT VP provides organisations with tailored funding while also strengthening their capabilities to scale their solutions

Situation

Locally rooted organisations have effective solutions ready to scale but lack the right funding and capabilities to grow. They also face systemic barriers that prevent the scaling of their solutions.

Solution

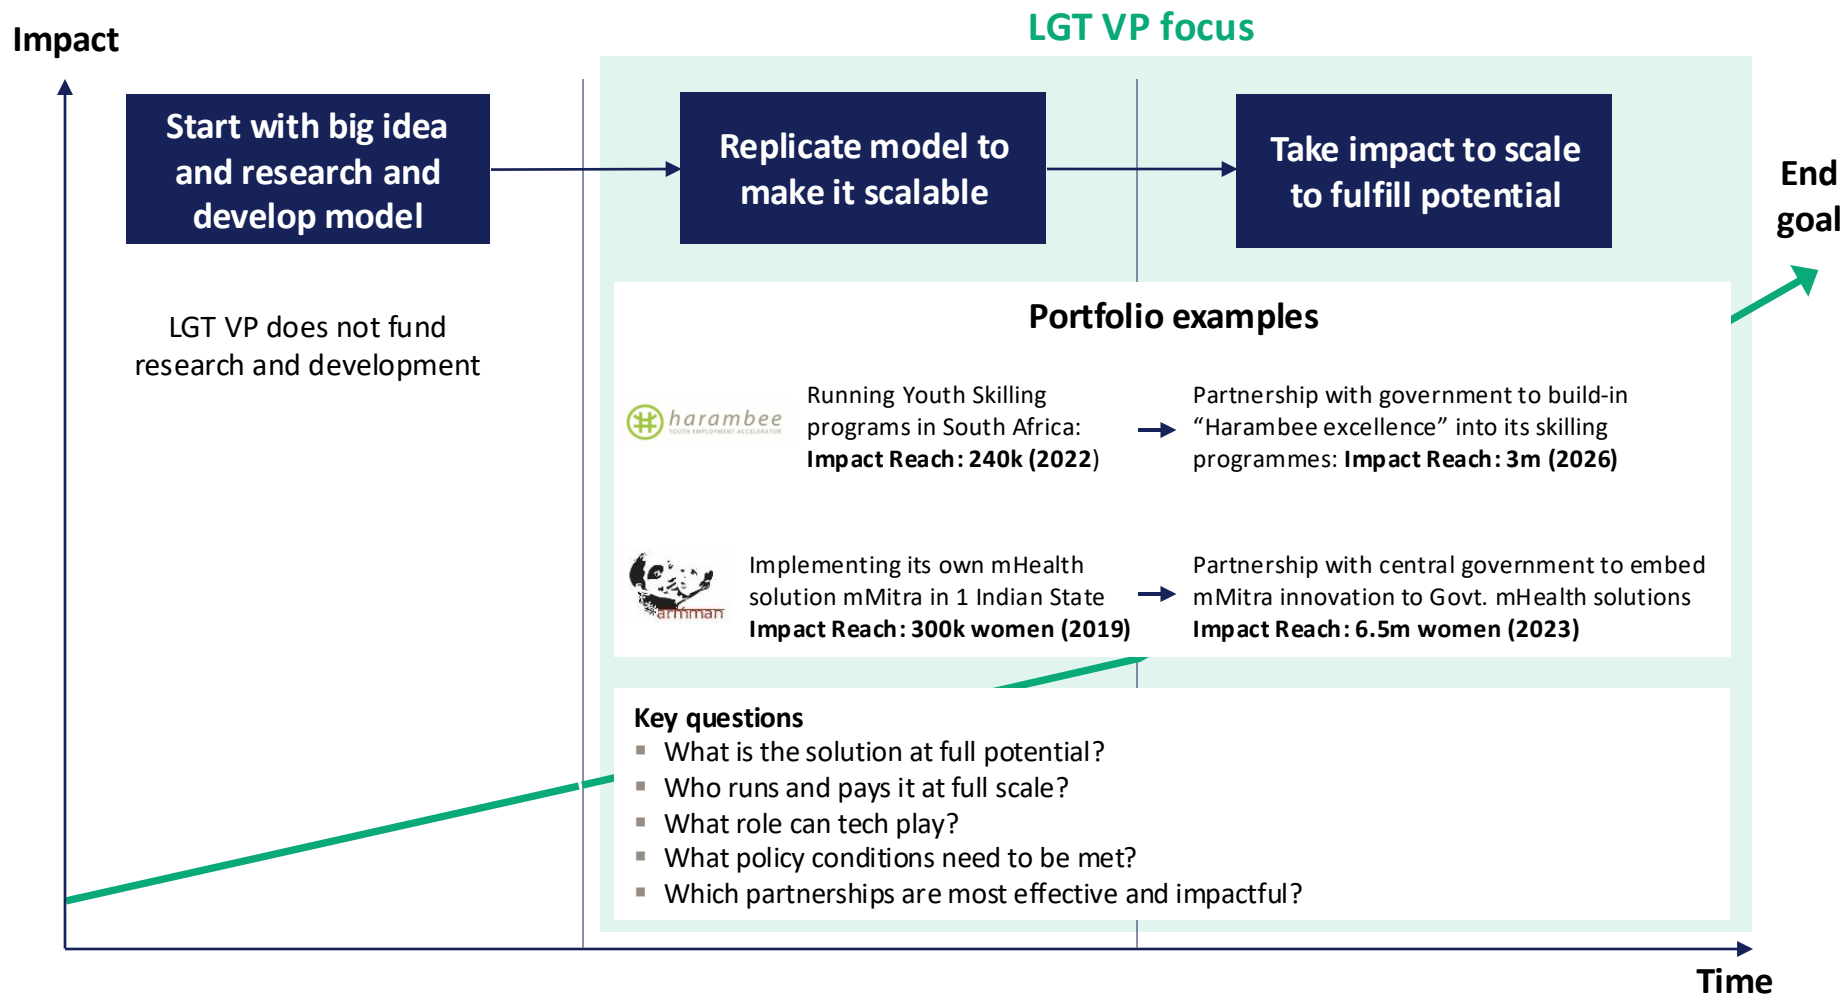

At LGT VP, we believe that for philanthropic funding to be truly transformative, we

- Must **strengthen the capabilities of organisations** delivering effective solutions, and
- Focus on **addressing systemic barriers**, so that ...

→ Their solutions create **more impact and contribute to systems change**

We support organisations' journeys to scale

Source: [Mulago framework for scale](#)

We apply a venture philanthropy approach across 5 practices to offer portfolio organisations comprehensive support

1. Local teams, locally rooted organisations

Together with our regional teams we support proven models designed to scale in the local context, by organisations that are embedded in the communities they serve

2. Flexible core funding

We provide multi-year, tailored philanthropic capital to strengthen organisational capacity, while maintaining flexibility to respond quickly to changing needs

3. Strategic business expertise

We commit to active value creation informed by deep due diligence and a 17-year track record, and provide hands-on strategic support through our team, LGT Impact Fellows and partners

4. Portfolio of complementary solutions

We develop thesis-driven strategies and build thematic portfolios of complementary solutions that can act synergistically to enable enduring systemic change

5. Long-term, trusted partnerships

We cultivate collaborative relationships with our portfolio organisations and actively build networks of partners around our engagements to catalyse collective impact

LGT Venture Philanthropy in a nutshell

Who we are

Founded 2007 as independent charitable foundation by LGT Group, alongside the values of the Princely Family

Teams in Zurich, Nairobi and Mumbai

USD 137 million deployed impacting 17.1 million lives

Our Purpose

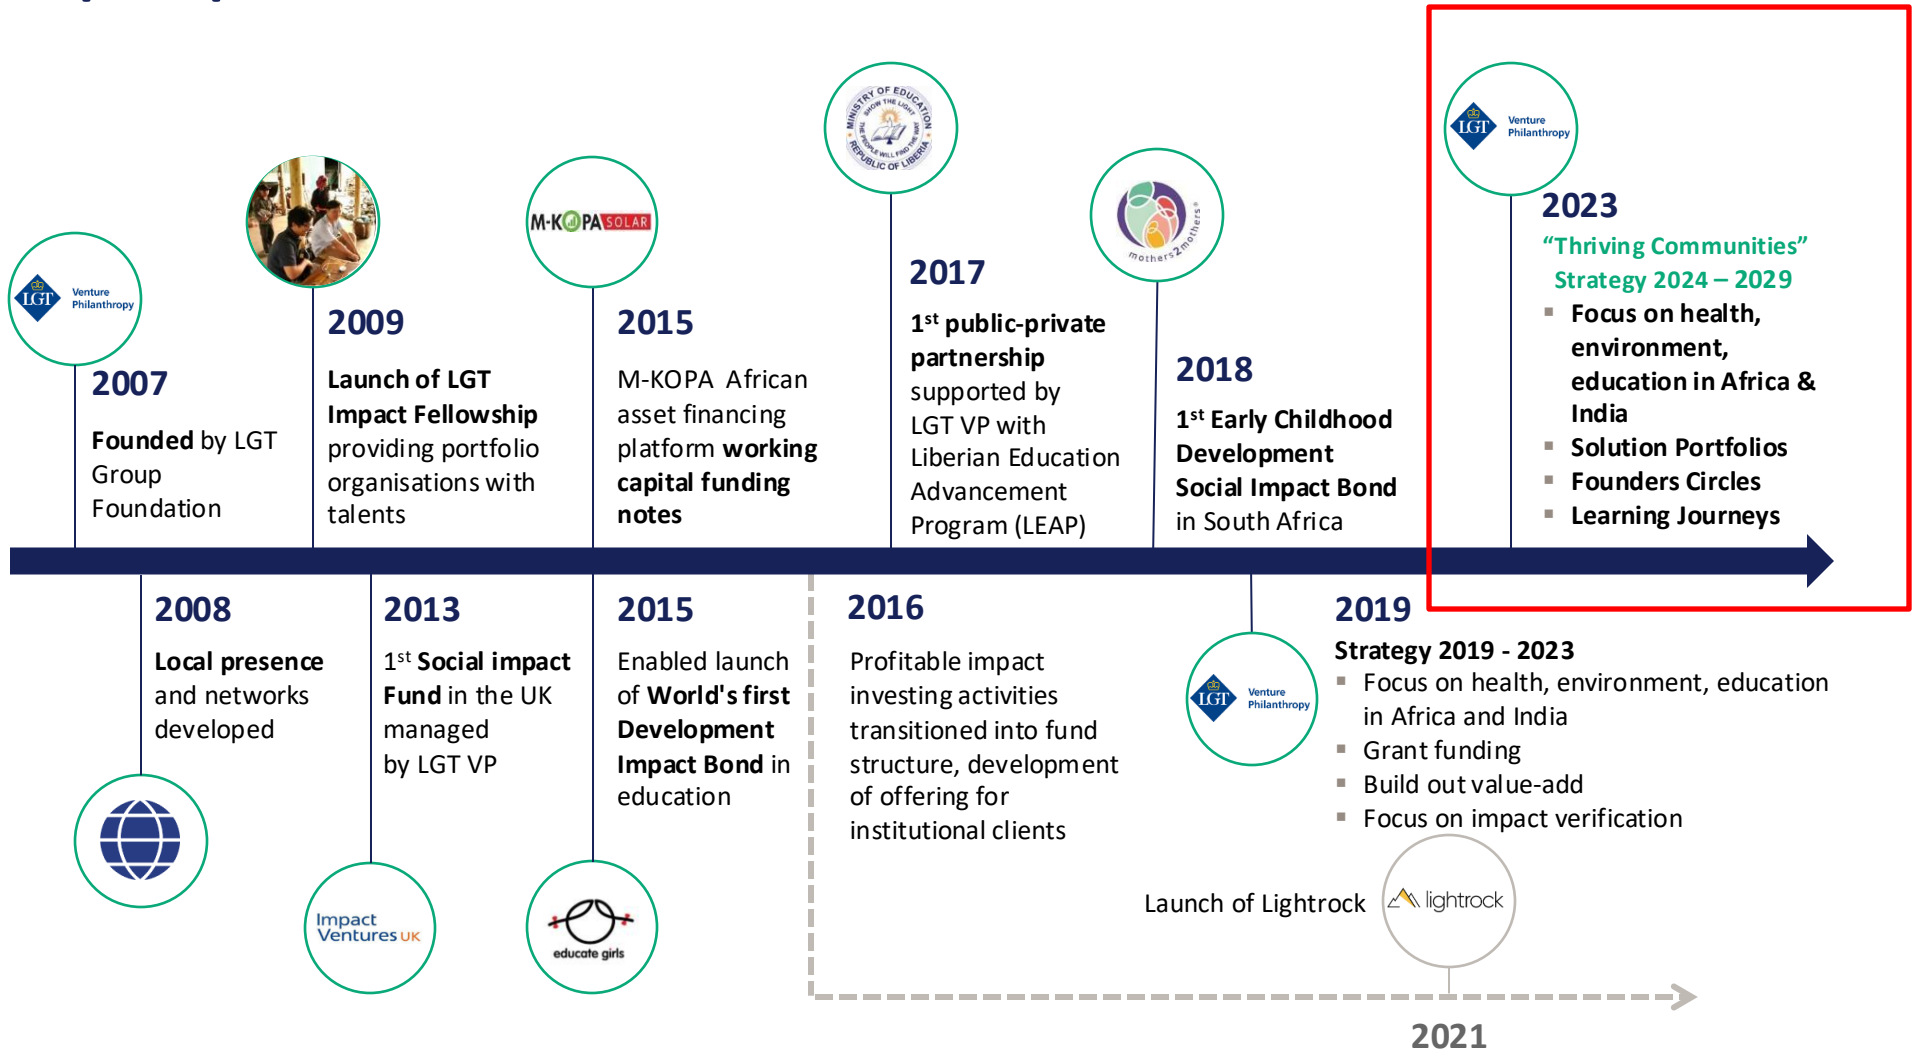

Empowering people facing disadvantages to improve their quality of life, contribute to healthy ecosystems, and build inclusive and prosperous communities.

Venture philanthropy is an approach to philanthropic giving that uses concepts and techniques from the venture capital industry to build strong social organizations by providing them with both financial and non-financial support in order to increase their societal impact. It often also means to engage in emerging markets, i.e., in jurisdictions which may not be politically, financially or organizationally stable. Therefore, the influence on an engagement can be substantially restricted and not guaranteed.
